

Program Performance

This dashboard allows marketers to understand the performance of their marketing programs and provides KPIs to determine if they were successful.

Explore Dashboards:

- ▶ **Summary** - A comprehensive view into program performance
- ▶ **Events** - Registration and attendance for marketing events
- ▶ **Email** - Engagement, unsubscribes, and successes driven by email
- ▶ **Gated Content** - Gated content downloads and hand raise marketing qualified leads
- ▶ **Web Request Forms** - Insight into who has completed a web request form as well as the quantity and quality of marketing qualified leads that raised their hand
- ▶ **Paid Search** - Who requested to be contacted through a paid search landing page and if they became a fast-track marketing qualified lead
- ▶ **MQLs** - Insight into Hand Raise, Fast Track, and New Name MQLs
- ▶ **Audience** - Holistic view of the marketing audience

Coming Soon: New Names and Nurtures

Dashboard Status: **Operational**

Latest Updates:

- 7/09/2026:
New Audience page
- 2/26/2026:
New MQLs page

FAQs

How often is the dashboard updated?

- The dashboard is refreshed daily.

Where is the data coming from?

- The data for all tabs comes from: CaliberMind, CRM, and Marketo.

How do I get help or report an issue?

- For assistance or to report an issue, please submit your inquiry via our [Dashboard Support Form](#)

Can I customize the dashboard layout or visuals?

- End users cannot change the layout, but you can use available filters and slicers to personalize your view.

Can I share this dashboard with others?

- Use the "Share" button located at the top left.
- Note: If you applied filters, the dashboard will be shared with filters you applied.

What is a program?

- A program tracks engagement statuses for known contacts and provides successes with attributable touch points.

What is a tag?

- A tag is added to marketing programs to allow marketers to track their initiatives, which can be filtered by the Advisory, Assurance, Tax, Industry, and Solution groups.

What is a campaign ID?

- A campaign ID is a unique identifier, such as C0001, that allows marketers to track specific programs that are supporting a scorecard campaign initiative.

How do I filter my programs by a campaign ID?

- In the right filter pane, use the Campaign ID Lookup filter, select Advanced Filtering with "contains," and add your campaign ID. Click apply.

Filter Interactions

- In the Summary tab, side panel filters (Account Industry, BDO Employee, Campaign ID Lookup, Contact Account, Program ID, Standardized Job Title, and UTM: Campaign, Medium Source, Term) do not affect the Programs Created numerical tile and Programs Created by Reporting Tag bar chart:
- A fix is planned.

What is a program channel / program type?

- These channels represent the categories of Marketo programs through which marketing monitors and captures attributable marketing touchpoints to measure engagement.

What is a program member?

- A known contact who has been added as a member in a Marketo program.

What is a program success?

- A known contact who has met success in a Marketo program. See [program type definitions](#) for what statuses constitute a success for different programs.
